itinerary

Custom Groups: Options are available for this tour.

Day 1 Picton to Ship Cove to Endeavour Inlet - 14km walking

Day One of The Queen Charlotte Walk leads walkers from Ship Cove to Endeavour Inlet, a walk through virgin beech forest and bush, taking approximately 5 hours (14km). From Ship Cove the track ascends and provides walkers with amazing views down into Resolution Bay and surrounding areas. If visibility is good, views as far as the Kapiti Islands and the North Island are able to be seen.

Following the track along the Tawa Saddle, gives way to further astounding views of the Endeavour Inlet. A short descent through magnificent native bush and crystal clear streams and then on to the shore line that leads you to your first nights accommodation.

Relax and unwind in this picturesque setting and enjoy dinner with your fellow walkers.

Day 2 Endeavour Inlet to Camp Bay - 11.5km walking

Day Two of The Queen Charlotte Walk is a relatively gentle day covering a distance of 11.5kms and takes approximately 4 hours. Walkers will follow the track from Endeavour Inlet to Camp Bay. Following mainly coastal tracks you will walk around the inlet through the native bush to the delightful sounds of fantails and bellbirds.

Endeavour Head has a colourful history dating back to the 1880's. It was originally a mining site of stibnite – an essential component of antimony used to produce pewter and harden steel. The mine employed over 400 people.

Walkers then pass through Big Bay and onto Camp Bay where Day Two ends. Spend the night relaxing in this idyllic spot.

pre tour checklist

Please ensure you have the following items for your walking tour.

- Medium size day pack with waterproof liner
- Boots or sturdy walking shoes, preferably with ankle support
- Waterproof rain jacket with hood
- Woollen (merino) or polypropylene thermals (top and bottom)
- Polar fleece jacket or top
- Warm hat and gloves-fleece or woollen
- Pair of shorts / long trousers (preferably quick-dry fabric, no jeans)
- Woollen or thermal socks-three or four pairs

The following are highly recommended

- Walking poles (we have these available if you need them)
- Waterproof over trousers
- Gaiters
- Swimsuit
- Sun hat and sun glasses
- Spare boot laces
- Pair of light shoes or sandals for the evening
- A change of clothing for the evening
- Sunscreen, insect repellent
- Personal first aid items-including blister block or foot fleece
- Personal toiletries
- Small torch
- Camera
- Water bottle (we supply you with one bottle, but you may wish to bring another.)

We do not recommend you walk in cotton garments, jeans or silk. These fabrics take much longer to dry after perspiration or wet weather and you may feel damp and cold, even inside the best raincoat.

Plan around three layers of clothing, your inner or core layer which should be wool (merino) or polypropylene to trap warmth against the skin, a middle layer, and a top waterproof layer to protect from rain and wind.

frequently asked questions

What do I carry while on my tour and what happens to the rest of my luggage?

On a walking, cycling or kayak tour your extra luggage will be transported for you each day to your accommodation that night. All you need to have with you is your daypack with your lunch, clothing requirements, camera and incidentals. For cyclists, this can be left in the support vehicle while you are cycling as this is always close by for ready access. Please ensure the luggage you are sending on ahead is limited to one item and is packed in an easily transported overnight bag or suitcase.

On a hiking tour where huts and lodges are less accessible by vehicle, you may be asked to carry your own luggage for some or all of the days of the tour, please refer to your itinerary for details. For this reason we recommend you pack as lightly as possible and carry only the items suggested on your gear check list. For any of our tours, we recommend the use of a waterproof pack liner to keep your personal items as dry as possible.

Do I really need thermals and a fleece, even in summer?

Yes, as some of the areas visited can be exposed, and New Zealand weather can be notoriously changeable, you must be prepared for all weather conditions.

How many people are in each group?

Typically, we take a maximum of twelve people on each tour. We feel this gives you the best opportunity to gain as much from your experience as possible and keeps the feel of each tour relaxed and friendly. We are happy to discuss options for groups of more than twelve with you.

How fit do I need to be?

The main purpose of a guided tour is to enjoy your surroundings and learn from your local guide, it's not a race, however the more you can prepare for a tour, the better the experience will be for you. As a general guideline we suggest the following activity level guide for our tours.

- Easy: An average level of fitness, Walk 7km, Bike 15km on well-formed tracks and roads with very little incline.
- Mild: An average level of fitness, Walk 12km, Bike 25km on well-formed tracks and roads with average incline.
- Moderate: An above average level of fitness, Walk 20km, Bike 45km on formed tracks and roads with some average to steep inclines at times.
- Challenging: An above average level of fitness, Walk 20+ km, Bike 50+km on partially formed tracks and roads, some off-road, some steep inclines, some easy river and creek crossings.

How do I train for my upcoming tour?

Undertake your training using the clothing and footwear you intend to complete the tour in, this will give you the opportunity to make sure they will be suitable for the purpose and to break in your foot wear so as to avoid any discomfort. Train with your pack or day pack on so you get used to bearing the weight and include a variety of terrain in your training including hills and off road. As much as we'd like to we can't guarantee fine weather on your tour so don't hesitate to get outdoors and train on the rainy days as well.

What will the weather be like?

New Zealand is known to have four seasons in a day so you should always be prepared for sudden changes in weather or temperature and have the appropriate gear with you at all times. Rain can be expected at any time throughout the year.

Spring (September-November) and Autumn (March-May) are generally cooler months for experiencing the outdoors with temperatures averaging 15-25 degrees during the day.

Summer (December-February) is usually warmer with averages of 20-30 degrees and longer sunshine hours due to daylight saving. As New Zealand has very little air pollution, UV rays are strong during the summer months and a good sunscreen and a hat are recommended for outdoor activities during the heat of the day.
