### **frequently asked questions**

#### **What do I carry while on my tour and what happens to the rest of my luggage?**

On a walking, cycling or kayak tour your extra luggage will be transported for you each day to your accommodation that night. All you need to have with you is your daypack with your lunch, clothing requirements, camera and incidentals. For cyclists, this can be left in the support vehicle while you are cycling as this is always close by for ready access. Please ensure the luggage you are sending on ahead is limited to one item and is packed in an easily transported overnight bag or suitcase.

On a hiking tour where huts and lodges are less accessible by vehicle, you may be asked to carry your own luggage for some or all of the days of the tour, please refer to your itinerary for details. For this reason we recommend you pack as lightly as possible and carry only the items suggested on your gear check list. For any of our tours, we recommend the use of a waterproof pack liner to keep your personal items as dry as possible.

#### **Do I really need thermals and a fleece, even in summer?**

Yes, as some of the areas visited can be exposed, and New Zealand weather can be notoriously changeable, you must be prepared for all weather conditions.

### frequently asked questions

#### **How many people are in each group?**

Typically, we take a maximum of twelve people on each tour. We feel this gives you the best opportunity to gain as much from your experience as possible and keeps the feel of each tour relaxed and friendly. We are happy to discuss options for groups of more than twelve with you.

#### **How fit do I need to be?**

The main purpose of a guided tour is to enjoy your surroundings and learn from your local guide, it's not a race, however the more you can prepare for a tour, the better the experience will be for you. As a general guideline we suggest the following activity level guide for our tours.

The Around The Mountains Cycle Trail does include some low level mountain biking.

Easy: An average level of fitness, Walk 7km, Bike 15km on well-formed tracks and roads with very little incline.

Mild: An average level of fitness, Walk 12km, Bike 25km on well-formed tracks and roads with average incline.

Moderate: An above average level of fitness, Walk 20km, Bike 45km on formed tracks and roads with some average to steep inclines at times.

Challenging: An above average level of fitness, Walk 20+ km , Bike 50+km on partially formed tracks and roads, some off-road , some steep inclines, some easy river and creek crossings.

#### **Do you have bikes I can hire?**

We have cycles for hire and recommend you use them as they are tried and true in the areas we operate. All of our cycles are fully maintained and serviced before they leave. We also supply you with a cycle helmet and safety vest in the cost of your cycle hire. You may use your own cycle, but please ensure it is well maintained and fully serviced before your tour starts.

### Some tips for training:

Undertake your training using the clothing and footwear you intend to complete the tour in, this will give you the opportunity to make sure they will be suitable for the purpose and to break in your foot wear so as to avoid any discomfort. Train with your pack or day pack on so you get used to bearing the weight and include a variety of terrain in your training including hills and off road. As much as we'd like to we can't guarantee fine weather on your tour so don't hesitate to get outdoors and train on the rainy days as well.

### What will the weather be like?

New Zealand is known to have four seasons in a day so you should always be prepared for sudden changes in weather or temperature and have the appropriate gear with you at all times. Rain can be expected at any time throughout the year.

Spring (September-November) and Autumn (March-May) are generally cooler months for experiencing the outdoors with temperatures averaging 15-25 degrees during the day.

Summer (December-February) is usually warmer with averages of 20-30 degrees and longer sunshine hours due to daylight saving. As New Zealand has very little air pollution, UV rays are strong during the summer months and a good sunscreen and a hat are recommended for outdoor activities during the heat of the day.

### Day 3 - Roxburgh Gorge Trail and Clutha Gold Cycle Trail - (47km)

This morning we travel a short distance to Alexandra where the Roxburgh Gorge Cycle Trail begins. The trail through the Roxburgh Gorge is just stunning and will take your breath away. A 10km cycle is followed by a scenic jet boat transfer from Doctors Point to Shingle Creek, followed by another 10km cycle to the Roxburgh Dam.

At the Roxburgh Dam we start the Clutha Gold cycle trail to Millers Flat (27km). This section features orchards as well as gold mining relics which makes for a very pleasant scenic ride.

At Millers Flat we finish for the day, and then travel to our overnight accommodation at Lake Roxburgh.

### Day 4 - Lake Roxburgh to Wanaka - (33km)

Today we travel from Roxburgh to Luggate where we start the ride along the Clutha River Outlet Trail from Luggate all the way to Wanaka (33km).

For the balance of the afternoon relax and explore the laid back town of Wanaka where stay tonight.

### Day 5 - Lake Hawea and the Hawea River Trail - (40km)

Today we travel by bus to Lake Hawea (Some say Lake Hawea is the most picturesque lake in the region). We then cycle back along the shores of Lake Hawea to the sleepy settlement of Lake Hawea village.

Here we join the picturesque Hawea River Trail which ambles its way all the way to Albert Town. An excellent relaxing ride alongside this crystal river to finish of our 5 days of riding around this world renowned outdoor paradise.

From Albert Town we journey back to Arrowtown where we stay the night.

Dinner tonight is at your own expense
