### **the tour**

The extraordinary beauty of Fiordland was recognised by the United Nations in 1986 when it was made a World Heritage Area.

The Fiordland National Park was described as having “superlative natural phenomena” and “outstanding examples of... the earth’s evolutionary history”.

Fiordland’s west coast is deeply indented by 14 fiords spanning 215 kilometres of coastline.

We focus our cruises further south than the more visited Milford Sound. Doubtful Sound (also known as the “sound of silence”) is the second largest and 3 times longer than Milford. We also cruise Dusky Sound which is the largest at 40 kilometres long and eight kilometres wide.

Captain Cook noted its entrance during his first voyage to New Zealand in 1770. On his second visit he established workshops and an observatory which we visit.

Fiordland National Park is the largest in New Zealand, at almost 10,000 square kilometres. Its Jurassic pristine glacial carved valleys are breathtakingly majestic, during this unique cruise you are highly likely to see fur seals, crested penguin’s, dolphins and maybe even whales.

The top 3 metres of the water is fresh due to rain and melting snow. With the salt underneath, it’s crystal clear. Rain washes through the leaf litter on the forest floors and into the fiords, staining the surface water a dark tea colour. Some say the environment below the water is as unique as the landscape above. This vast remote deep wilderness enclosed by giant moss-covered gnarled trees, towering waterfalls and steep cliff faces just cannot be put into words.

Surrounded by ancient native bush, the area is uninhabited... and let’s not forget the world-class fishing.

**All walks are optional** – you may wish to just stay on board and relax. Our vessel Affinity is ideally suited for getting up close to waterfalls and shore lines, providing guests with world-class photo opportunities. We serve hearty Kiwi-style meals for our small groups, often supplemented with freshly caught seafood. You will enjoy a cosy cabin to retreat to at the end of your adventure packed days.

### **frequently asked questions**

Q. How long have you been operating?  
A. Affinity Cruises have been operating since 1996.

Q. What are the cabins like?  
A. Seven cabins can be either double (double bed on the bottom with a single bed above the foot) or twin share (two single bunk style beds with the second bed above the foot of the bottom bed). One cabin is either just a single or double, does not have bed across the foot of the other bed.

Q. What bedding / linen is provided?  
A. Each bed is made ready for your arrival with sheets and duvets. You are allocated two towels for a seven day cruise, this is to reduce the effect on the environment.

Q. What if I have special dietary requirements?  
A. There is a place on the booking form that covers your requirements. We will do our very best to accommodate your requirements but in some cases we may ask you to bring along some of your favourites.

Q. What is there to buy in your on board shop?  
A. Items such as T-Shirts, hats, coasters, drink bottles, key rings etc...

Q. I often suffer from seasickness - what can you suggest to help me?  
A. Ginger is known to contain properties to alleviate nausea. There is also other options from pharmacies and supermarkets (sea legs tablets, pressure bands etc...) If you are feeling unwell talk to one of the crew as soon as possible.

Q. Am I limited to the amount of luggage I can bring?  
A. As there is limited room onboard we recommend 1 medium sized bag per person.

**There are no laundry facilities available. Small items can be hand washed.**

### **what's included**

### Pre and Post Cruise information

Due to the early departure and late return times of our Fiordland Cruises we recommend you overnight for one night before and one night after your cruise in Te Anau.

#### Driving to Te Anau:

Most accommodation providers will allow you to leave your vehicle at their property while you are on your cruise. Please double check when booking.

#### Flying to Te Anau:

Fly Air New Zealand to either Invercargill or Queenstown. If you want to visit Queenstown, the safest way is to fly into Invercargill and out Queenstown.

Presently coaches depart both airports for Te Anau at 1 pm, with a 12:30 pm check in.

Check coach departure times prior to booking your airfares.

#### Coach Transfers to Te Anau:

## frequently asked questions

### How fit do I need to be?

The main purpose of a guided tour is to enjoy your surroundings and learn from your local guide, it's not a race, however the more you can prepare for a tour, the better the experience will be for you. As a general guideline we suggest the following activity level guide for our tours.

**Easy:** An average level of fitness, Walk 7km, Bike 15km on well-formed tracks and roads with very little incline.

**Mild:** An average level of fitness, Walk 12km, Bike 25km on well-formed tracks and roads with average incline.

**Moderate:** An above average level of fitness, Walk 20km, Bike 45km on formed tracks and roads with some average to steep inclines at times.

**Challenging:** An above average level of fitness, Walk 20+ km , Bike 50+km on partially formed tracks and roads, some off-road , some steep inclines, some easy river and creek crossings.

### Some tips for training:

Undertake your training using the clothing and footwear you intend to complete the tour in, this will give you the opportunity to make sure they will be suitable for the purpose and to break in your foot wear so as to avoid any discomfort. Train with your pack or day pack on so you get used to bearing the weight and include a variety of terrain in your training including hills and off road. As much as we'd like to we can't guarantee fine weather on your tour so don't hesitate to get outdoors and train on the rainy days as well.

## itinerary

### Day 1 Te Anau to Dusky Sound

Your adventure starts from your overnight accommodation in Te Anau. At approximately 0830, Real Journeys will pick you up and bring you to the vessel Affinity.

The trip includes a coach to the Manapouri wharf then a cruise across Lake Manapouri, where at the other side you will board another coach for the trip over the scenic Wilmot Pass and down into Deep Cove, Doubtful Sound where Affinity will be waiting for you.

You arrive at Deep Cove about 12 noon. As soon as you are settled and after a briefing on the safety aspects, we will depart and cruise down the fiord. Lunch will be served as you cruise and explore Doubtful Sound.

Weather permitting; it's down the coast to Breaksea and Dusky Sounds to explore the maze of arms, channels and islands.

### Day 2, 3, 4 & 5

On these days you explore the Fiords and visit the historic sites in this part of the world

The first European house site

Where the first European baby was born

The first recorded European shipwreck and the site where New Zealand's first sawn timber ship was built.

You also learn of the importance of the area to the explorer Captain James Cook who spent time here in the 1770's.

You will visit Astronomer's Point where Cook and his team of astronomers cut down some trees and set up camp to enable them to take measurements of the planet Venus.

We take a visit to a cove where a number of fur seal pups swim around the rocks, when we put the tender in the water the pups are very noisy and like to swim alongside and pop up out of the water to see what's going on.

This is very special, as there aren't many places in the world where you can do this. You are also able to get some amazing and very cute photos.

On these days you also have the opportunity to get off the vessel and walk through the beautiful native bush to experience wonderful scenery like nowhere else in this world.

We also pull up close to roaring waterfalls cascading down sheer cliffs, great photo opportunities.

You also have time to fish for Groper, Blue Cod and other big species that we find down here and the crew will cook them for dinner.

### **What will the weather be like?**

New Zealand is known to have four seasons in a day so you should always be prepared for sudden changes in weather or temperature and have the appropriate gear with you at all times. Rain can be expected at any time throughout the year.

Spring (September-November) and Autumn (March-May) are generally cooler months for experiencing the outdoors with temperatures averaging 15-25 degrees during the day.

Summer (December-February) is usually warmer with averages of 20-30 degrees and longer sunshine hours due to daylight saving. As New Zealand has very little air pollution, UV rays are strong during the summer months and a good sunscreen and a hat are recommended for outdoor activities during the heat of the day.

### **itinerary continued**

#### **Day 6 Dusky to Doubtful Sound**

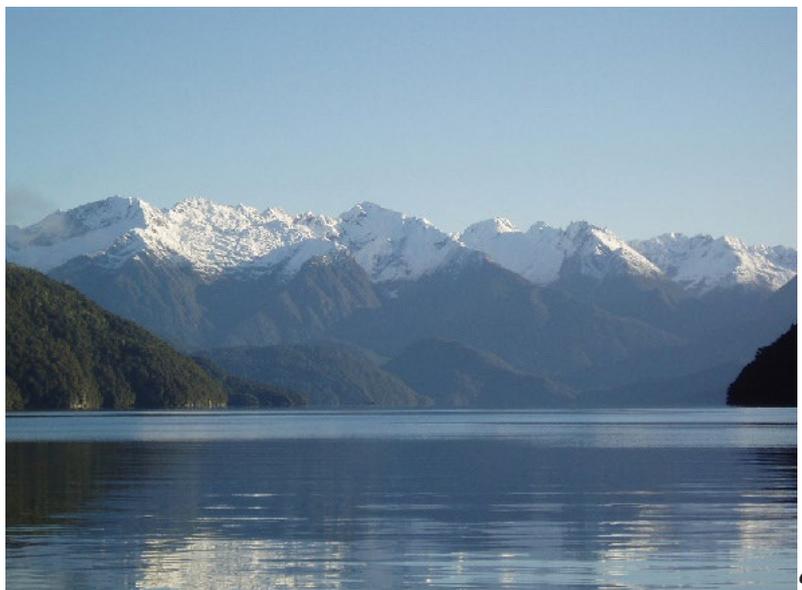

Today you return to Doubtful Sound and explore some of the areas around this historic place.

#### **Day 7 Doubtful Sound to Te Anau**

Today is your final day with us on your magnificent cruise in this World Heritage Park.

We take it easy and slowly make our way up Doubtful Sound while investigating the various arms.

We end up back at Deep Cove at approximately 2pm to meet up with the coach for your return journey back to your accommodation in Te Anau arriving around 5pm.

### responsible travel

None of us could deny the benefits of travel in broadening our horizons and our way of thinking about the world we all share; travel breaks down barriers and provides valuable insights into other ways of life, it challenges us to step outside our comfort zone and to learn from those around us.

Our responsibility as participants in this journey is to acknowledge our impact on the environment and the communities in which we travel and to consider our individual contribution now and for the benefit of future generations.

We are Qualmark endorsed; New Zealand tourism's official benchmark for environmental standards and quality control. Wherever possible our company utilises local products and services, we support conservation efforts to preserve our natural and cultural heritage and we respect and care for the unique environment we travel in. Make your commitment to responsible travel with us.

### trip grading

To determine the grade of a particular adventure we consider a number of factors.

These include the condition of the terrain, the altitude, the number of pass crossings and the length of the trip.

This Fiordland Tour is graded easy. An average level of fitness, Walk 7km, Bike 15km on well-formed tracks and roads with very little incline

### adventure travel

By its very nature adventure travel involves an element of the unexpected. To get the most out of your adventure it is important that you are mentally flexible, positive and eager to take on all the challenges that arise.

### pre tour checklist

Please ensure you have the following compulsory items for your walk:  
 Gear will be checked prior to departure.

- Medium size day pack with waterproof liner
- Waterproof rain jacket with hood
- Boots or sturdy walking shoes, preferably with ankle support
- Woollen (merino) or polypro thermals (top and bottom)
- Polar fleece jacket or top
- Warm hat and gloves-fleece or woollen
- Pair of shorts / long trousers (preferably quick-dry fabric, no jeans)
- Woollen or thermal socks-three or four pairs

The following are highly recommended but not compulsory:

- Walking poles
- Waterproof over trousers
- Gaiters
- Swimsuit
- Sun hat and sun glasses
- Spare boot laces
- Pair of light shoes or sandals for the evening
- A change of clothing for the evening
- Sunscreen, insect repellent
- Personal first aid items-including blister block or foot fleece
- Personal toiletries
- Small torch
- Camera
- Water bottle (we supply you with one bottle, but you may wish to bring another.)

We do not recommend you walk in cotton garments, jeans or silk. These fabrics take much longer to dry after perspiration or wet weather and you may feel damp and cold, even inside the best raincoat.

Plan around three layers of clothing, your inner or core layer which should be wool (merino) or polypro to trap warmth against the skin, a middle layer, and a top waterproof layer to protect from rain and wind.

### country information

#### Culture

New Zealand has a diverse multi-cultural population, the majority of whom are of British descent. New Zealand's indigenous Maori make up around 14 percent of the population. The culture of its indigenous Maori people affects the language, the arts, and even the accents of all New Zealanders. New Zealanders embrace new technology and culture, but they also have a background of quiet but rugged individualism, self-reliance and a passion for invention. Many New Zealanders travel extensively and thrive on learning and experiencing other cultures. They are renowned for their openness, ingenuity and "easy-going" nature.

#### Environment

Fourteen spectacular national parks preserve New Zealand's natural heritage enshrining a huge variety of landscapes, vegetation and wildlife, New Zealand encompasses rich farmland, mountains, rivers and unsurpassed scenery. The country is slightly bigger than the UK in size. Three-quarters of the population live in the North Island with more than a third of New Zealand's population living in the largest city, Auckland.

The South Island - with its lakes, fiords and spectacular outdoor scenery is the most popular destination for tourists. The gateway to the South Island is Christchurch - a city of approximately 340,000 people.

#### Recreation

New Zealand's stunning landscapes, lush forests, amazing wildlife and pleasant climate make it a haven for many outdoor activities, and a great place to relax and enjoy life. New Zealanders love the outdoors, especially tramping, camping, skiing and snowboarding. Sailing, surfing and swimming are also favourite pursuits. New Zealand's sports and recreation facilities are inexpensive, abundant and very accessible.
