## itinerary

Custom Groups: Options are available for this tour.

### Day 1 Christchurch to Clyde

We depart from Christchurch for the drive south, via the inland route through to Lake Tekapo and on to Twizel where we stop for lunch and then have a relaxing ride to ensure that our bikes are the correct fit.

We then board the bus to drive through the Mackenzie Country, cross the Lindis Pass, then descend down past Cromwell and travel alongside the scenic river gorge to Clyde.

This is a fantastic day, as you enjoy the huge scenery that makes the area so famous. It is majestic country that the artist Grahame Sydney loves to paint.

We eat out at a restaurant in Clyde, and stay in the beautifully restored historic Dunstan House this evening.

### Day 2 Clyde to Lauder - 44km biking

The actual Rail Trail ride starts today. We leave Clyde, crossing the flat rural countryside until Chatto Creek..... where we stop for lunch. The trail then starts to rise before levelling off at Omakau, where we briefly leave the trail and take a short ride around the quaint township of Ophir.

In the afternoon we make a side trip in the bus to the historic gold-mining town of St Bathans, and walk around the beautiful Blue Lake..... with a mandatory stop at the Vulcan Hotel!

The highlights of today are the wooden trestle Muttontown Viaduct; the Old Tucker Hill gold diggings; views of the Dunstan Mountains and Raggedy Range; and (hopefully) sighting brown trout in the Manuherikia River.

At the end of the day we drive back to Lauder, for a relaxing drink at the pub before dinner.

Our accommodation tonight is at the charming (converted) historic Lauder School.

### Day 3 Lauder to Ranfurly - 35km biking

On the third day we cycle through two tunnels and over two rail bridges. Below us at the time are a willow tree edged gorge and welcoming river pools. We finally emerge into the scenic Idaburn valley, and then have a last easy climb up to the summit of the trail. We then enjoy the descent down to the art deco township of Ranfurly.

## Day 4 itinerary continued

The highlights of today include the engineering marvel of the Poolburn Gorge Viaduct and tunnels; the vast wide open Ida Valley (made famous by the artist Grahame Sydney); the Idaburn dam (known for its winter curling); and a trip to Hayes Engineering Works (Hayes invented the wire strainer, pulley block and cattle stop at the beginning of the 20th century); and visiting the town of Wedderburn.

We also drive to Naseby, which is a small forestry township, and play a game of curling (if you can imagine bowls on ice then you are on the right track....they have the only dedicated curling rink in the Southern Hemisphere).

We continue on to the famous Kyeburn gold diggings and the historic Dansey's Pass Inn..... where we dine and stay at the end of the day.

### Day 4 Ranfurly to Clyde - 46km biking

We head off from the Dansey's Pass Inn to the Real Dog Equipment Company, to see the famous Antarctic huskies and Alaskan malamutes in action..... before starting the ride for the day (which has some of the best riding of the trip). We follow the trail from Waipiata to the edge of an old lake, before entering the Taieri Gorge. The trail then crosses through further tunnels and bridges..... before a fast downhill to the end of today's cycling at Hyde.

The highlights of today's cycle include crossing the vast Maniototo Plains; following the Taieri River as it snakes around the Rock and Pillar Range; crossing the stone bridge over Cap Burn; and experiencing the 32 metre high Price's Creek Viaduct, and the 152 metre long tunnel.

Tonight we return to Ranfurly where we stay for the night.

### Day 5 Hyde to Middlemarch - Christchurch - 27km biking

The highlight of the final day's ride includes views of the Rock and Pillar and Taieri Ranges; the Hyde Railway Disaster memorial; and dropping down into the Strath Taieri Plain.

We end at Middlemarch – which is a small farming town that is well known for the Easter singles Ball. Girls travel there to meet eligible rugged young Southern Men who come down to the ball from their hill country stations.

In the afternoon we make our way back to Christchurch, arriving at around 6pm.  
Alternatively you can catch a shuttle back to Clyde or Queenstown. (Extra costs involved)

This is a fantastic trip, particularly for novice cyclists who want to experience the wonderful scenery and pioneering history of Central Otago.

## frequently asked questions

### What do I carry while on my tour and what happens to the rest of my luggage?

On a walking, cycling or kayak tour your extra luggage will be transported for you each day to your accommodation that night. All you need to have with you is your daypack with your lunch, clothing requirements, camera and incidentals. For cyclists, this can be left in the support vehicle while you are cycling as this is always close by for ready access. Please ensure the luggage you are sending on ahead is limited to one item and is packed in an easily transported overnight bag or suitcase.

On a hiking tour where huts and lodges are less accessible by vehicle, you may be asked to carry your own luggage for some or all of the days of the tour, please refer to your itinerary for details. For this reason we recommend you pack as lightly as possible and carry only the items suggested on your gear check list. For any of our tours, we recommend the use of a waterproof pack liner to keep your personal items as dry as possible.

### Do I really need thermals and a fleece, even in summer?

Yes, as some of the areas visited can be exposed, and New Zealand weather can be notoriously changeable, you must be prepared for all weather conditions.

### How many people are in each group?

Typically, we take a maximum of twelve people on each tour. We feel this gives you the best opportunity to gain as much from your experience as possible and keeps the feel of each tour relaxed and friendly. We are happy to discuss options for groups of more than twelve with you.

### How fit do I need to be?

The main purpose of a guided tour is to enjoy your surroundings and learn from your local guide, it's not a race, however the more you can prepare for a tour, the better the experience will be for you. As a general guideline we suggest the following activity level guide for our tours.

- Easy: An average level of fitness, Walk 7km, Bike 15km on well-formed tracks and roads with very little incline.
- Mild: An average level of fitness, Walk 12km, Bike 25km on well-formed tracks and roads with average incline.
- Moderate: An above average level of fitness, Walk 20km, Bike 45km on formed tracks and roads with some average to steep inclines at times.
- Challenging: An above average level of fitness, Walk 20+ km, Bike 50+km on partially formed tracks and roads, some off-road, some steep inclines, some easy river and creek crossings.

### Do you have bikes I can hire?

We have bikes for hire and recommend you use them as they are tried and true in the areas we operate. All of our bikes are fully maintained and serviced before they leave on a tour. We also supply you with a cycle helmet and safety vest in the cost of bike hire. You may use your own bike, but please ensure it is well maintained and fully serviced before your tour starts.

### How do I train for my upcoming tour?

Undertake your training using the clothing and footwear you intend to complete the tour in, this will give you the opportunity to make sure they will be suitable for the purpose and to break in your foot wear so as to avoid any discomfort. Train with your pack or day pack on so you get used to bearing the weight and include a variety of terrain in your training including hills and off road. As much as we'd like to we can't guarantee fine weather on your tour so don't hesitate to get outdoors and train on the rainy days as well.

### What will the weather be like?

New Zealand is known to have four seasons in a day so you should always be prepared for sudden changes in weather or temperature and have the appropriate gear with you at all times. Rain can be expected at any time throughout the year.

Spring (September-November) and Autumn (March-May) are generally cooler months for experiencing the outdoors with temperatures averaging 15-25 degrees during the day.

Summer (December-February) is usually warmer with averages of 20-30 degrees and longer sunshine hours due to daylight saving. As New Zealand has very little air pollution, UV rays are strong during the summer months and a good sunscreen and a hat are recommended for outdoor activities during the heat of the day.
