pre tour checklist

Please ensure you have the following items for your walking tour.

Essential Items

- Sleeping bag (lightweight bag and liner recommended; huts have bunks and mattresses)
- Pack (large enough for gear listed below plus a modest share of food **on specified trips only**)
- Rainproof pack cover
- Plastic pack liner
- Rain coat or waterproof parka
- Sun hat
- Warm hat and gloves
- Socks, woollen or thermal (3 pair)
- Tramping or hiking boots (good support needed)
- Light shoes for hut: sneakers, sandals or "water socks"
- Drink bottle (1 litre)
- Small torch (flashlight) and extra batteries
- Sunscreen
- Insect repellent
- Personal cleaning and hygiene kit (bio-degradable pack soap)
- Towel (pack towel or small regular towel)

Suggested Clothing

Generally avoid cotton in favour of fast-dry synthetics and/or wool

- Tramping or hiking shorts (1 pair)
- Light track pants (e.g. nylon) (1 pair)
- Long johns (polypropylene) (1 pair)
- T-shirt/short sleeve shirts (1 for walking, 1 dry for hut)
- Warm jersey or sweater (woollen or fleece)
- Underwear (2 or 3 pair)
- Gaiters (not essential)
- Pillow slip (to put spare clothing in for pillow)
- Swimming gear
- If you are a light sleeper, you may like to bring ear plugs

You must carry your own pack for 5 days of this tour. Please keep this in mind when you are packing your gear.

We do not recommend you walk in cotton garments, jeans or silk. These fabrics take much longer to dry after perspiration or wet weather and you may feel damp and cold, even inside the best raincoat.

Plan around three layers of clothing, your inner or core layer which should be wool (merino) or polypropylene to trap warmth against the skin, a middle layer, and a top waterproof layer to protect from rain and wind.

frequently asked questions

What do I carry while on my tour and what happens to the rest of my luggage?

On a walking, cycling or kayak tour your extra luggage will be transported for you each day to your accommodation that night. All you need to have with you is your daypack with your lunch, clothing requirements, camera and incidentals. For cyclists, this can be left in the support vehicle while you are cycling as this is always close by for ready access. Please ensure the luggage you are sending on ahead is limited to one item and is packed in an easily transported overnight bag or suitcase.

On a hiking tour where huts and lodges are less accessible by vehicle, you may be asked to carry your own luggage for some or all of the days of the tour, please refer to your itinerary for details. For this reason we recommend you pack as lightly as possible and carry only the items suggested on your gear check list. For any of our tours, we recommend the use of a waterproof pack liner to keep your personal items as dry as possible.

Do I really need thermals and a fleece, even in summer?

Yes, as some of the areas visited can be exposed, and New Zealand weather can be notoriously changeable, you must be prepared for all weather conditions.

How many people are in each group?

Typically, we take a maximum of twelve people on each tour. We feel this gives you the best opportunity to gain as much from your experience as possible and keeps the feel of each tour relaxed and friendly. We are happy to discuss options for groups of more than twelve with you.

How fit do I need to be?

The main purpose of a guided tour is to enjoy your surroundings and learn from your local guide, it's not a race, however the more you can prepare for a tour, the better the experience will be for you. As a general guideline we suggest the following activity level guide for our tours.

- Easy: An average level of fitness, Walk 7km, Bike 15km on well-formed tracks and roads with very little incline.
- Mild: An average level of fitness, Walk 12km, Bike 25km on well-formed tracks and roads with average incline.
- Moderate: An above average level of fitness, Walk 20km, Bike 45km on formed tracks and roads with some average to steep inclines at times.
- Challenging: An above average level of fitness, Walk 20+ km, Bike 50+km on partially formed tracks and roads, some off-road, some steep inclines, some easy river and creek crossings.

How do I train for my upcoming tour?

Undertake your training using the clothing and footwear you intend to complete the tour in, this will give you the opportunity to make sure they will be suitable for the purpose and to break in your foot wear so as to avoid any discomfort. Train with your pack or day pack on so you get used to bearing the weight and include a variety of terrain in your training including hills and off road. As much as we'd like to we can't guarantee fine weather on your tour so don't hesitate to get outdoors and train on the rainy days as well.

What will the weather be like?

New Zealand is known to have four seasons in a day so you should always be prepared for sudden changes in weather or temperature and have the appropriate gear with you at all times. Rain can be expected at any time throughout the year.

Spring (September-November) and Autumn (March-May) are generally cooler months for experiencing the outdoors with temperatures averaging 15-25 degrees during the day.

Summer (December-February) is usually warmer with averages of 20-30 degrees and longer sunshine hours due to daylight saving. As New Zealand has very little air pollution, UV rays are strong during the summer months and a good sunscreen and a hat are recommended for outdoor activities during the heat of the day.

country information

Culture

New Zealand has a diverse multi-cultural population, the majority of whom are of British descent. New Zealand's indigenous Maori make up around 14 percent of the population. The culture of its indigenous Maori people affects the language, the arts, and even the accents of all New Zealanders. New Zealanders embrace new technology and culture, but they also have a background of quiet but rugged individualism, self-reliance and a passion for invention. Many New Zealanders travel extensively and thrive on learning and experiencing other cultures. They are renowned for their openness, ingenuity and "easy-going" nature.

Environment

Fourteen spectacular national parks preserve New Zealand's natural heritage enshrining a huge variety of landscapes, vegetation and wildlife, New Zealand encompasses rich farmland, mountains, rivers and unsurpassed scenery. The country is slightly bigger than the UK in size. Three-quarters of the population live in the North Island with more than a third of New Zealand's population living in the largest city, Auckland.

The South Island - with its lakes, fiords and spectacular outdoor scenery is the most popular destination for tourists. The gateway to the South Island is Christchurch - a city of approximately 380,000 people.

Recreation

New Zealand's stunning landscapes, lush forests, amazing wildlife and pleasant climate make it a haven for many outdoor activities, and a great place to relax and enjoy life.

New Zealanders love the outdoors, especially tramping (hiking), camping, skiing and snowboarding. Sailing, surfing and swimming are also favourite pursuits. New Zealand's sports and recreation facilities are inexpensive, abundant and very accessible.

tuatara conservation

Tuatara Tours are proud to be actively involved in Tuatara Conservation.

Tuatara Tours has formally adopted "BP" a male juvenile tuatara who resides at Orana Park in Christchurch and is part of the conservation programme to ensure the safe future of these amazing reptiles.
